INDIGESTION And Liver Complaint

CURED BY USING

Ayer's Sarsaparilla

MR. T. J. CLUNE,

of Walkerville, S. Australia, writes: "Six years ago, I had an attack of Indigestion and Liver Complaint that lasted for weeks; I was unable to do any hard work, had no appetite, food distressed me, and I suffered much from headache. My skin was

sallow and sleep did not refresh me. I tried several remedies and consulted a doctor, without obtaining any relief; finally, one of my customers recommended Ayer's Sarsaparilla; it helped me from the first.—In fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

People Who Write

on typewriters marvel that busy business men still cling to the pen process. The business man using a typewriter would not voluntarily return to the old method, because he can turn off more work, of a better quality, and with less effort on his machine.

The Man Who Never Used a Typewriter

believes the task of learning to write a difficult and hopeless one. Try. Others have learned; you can. Your first attempt will probably reveal the fact that you do faster work with the pen. That's quite natural; you are just learning. Your next trial will surprise you. Your fingers go to the right keys instinctively. It becomes easier and you will then begin to realize the usefulness and benefit of a typewriter.

CHOICE OF A TYPEWRITER

will either make or mar your writing happiness. For the business man desiring a machine, that combines speed, durability, does perfect work, and lastly, has the easiest keyboard to learn, buy the

THE LEHUA'S CRUISE.

Why the Hawaiian Government Needed a Revenue Cutter.

There is a certain little yacht now lying behind the old fish-market which has caused the Hawaiian Government a good deal of anxiety. She is now ostensibly owned by one "Pat." Curtis who claims to have purchased her from Captain Calway of the Waimanalo. When the transfer was made the little yacht was lying at Ewa.

Soon after the purchase the revenue officials became suspicious and in fact saturated with the idea that the vessel was engaged in the opium trade, and the Government tug made a hurried trip to Ewa. The yacht was not there and the tug went off at full speed in search of her. She was found off Molokai in a calm, and was searched. Nothing was found on her and the discomfited officials returned to port.

So did the Spray, and soon after arriving "Captain" Curtis applied at the Custom House for papers to use the Spray as a trading vessel. Not being able to file the necessary bond of \$500, his application was refused, whereupon to use Curtis' own words in an interview had with him this morning by a BULLETIN reporter, "I hoisted the American flag and defied them. I am an American citizen and have got a right to trade or not as long as I am under that flag."

"How about your last trip?"

"Well, I got back last night. When I left here a few days ago I had the American flag flying and it has been at the peak ever since. The Lehua followed me, but could not catch up with me. She might creep up to me in a calm, but with a breath of wind I can sail all around her."

"What success did you have on the trip, Captain?"

"What do you mean?"

"How much did you land?"

"Well, I brought back 200 tins with me?"

"What was in the tins?"

"A portion of the island of Lanai. Some of its soil."

Further questioning could not elicit more information, but the reporter gathered from the subsequent conversation that the Custom House officers believe that a quantity of opium was landed on Lanai by the schooner Norma some time since, and that Pat Curtis and his little schooner are employed in distributing it about the islands.

E. O. Hall & Son.

Messrs. E. O. Hall & Son call attention in this issue to a recent importation of goods by the Helen Brewer. They also mention incidentally something about coffee and coffee machinery. This firm has been established so many years that it is not necessary to say that they are fully awake to the needs of the people or to impress the readers of this paper that price is a matter that receives their consideration to an extent that the purchaser profits by it.

If you want your watch repaired. If you want jewelry made up neatly. If you want souvenir spoons, or anything in the jewelry line. H. G. Biart, at C. Gertz's store, Fort street, is your man. He was for ten years the practical watchmaker for Wenner & Co.
